Raton Sells Water Works Bonds

Raton, N. M., Jan. 28.—State superintendent of Public Instruction in N. White has returned from the most remarkable trips ever made by a gentleman in his capacity, the counties of Curry and Roosevelt and returns reporting school conditions in that section more than 374 miles.

No days were spent at Taos or the meeting of the Roosevelt teachers' association was held.

Mr. White, with County Superintendent L. C. Mersfelder, visited every school in Curry county, A total of 50 districts and 75 school rooms in six days, and nearly traveled 374 miles by auto.

White states that, upon inquiry of the teachers and directors, he

was unable to find a single violation

of the compulsory attendance law in some five or six exceptions, he

every school building in the city is modern and well equipped, found that due to the wisdom of farmers for a couple of years past, the districts have been consolidated for school purposes, although districts had not been abolished.

Consolidation being only temporary.

Huge night meetings were held

in sight of the trip.
